6.1.2 If yes, please list the  
OIML publication number

# Framework for OIML Training Centers

- Draft by colleagues from China and BIML
- Experience from previous OPTC conducted in China
- Decision by AG meeting
  - There was a need to develop the paper to cover a wider range of models.
  - an ad hoc group under the convenership of Peter Ulbig should be formed to carry out this work.
  - the aim is for a document to be finalised in 2019 - probably for CIML to approve (certainly if a B Publication is recommended).

# Status of revision D 1

- A small project group consisting of Advisory Group members,
- A first WD was circulated by in June,
- Comments received – notably a wish to make clearer the position of metrology, in particular legal metrology, in the wider context of a National Quality Infrastructure,
- Workshop on the QI Reform Toolkit further demonstrated the desire within the legal metrology community to place their activities firmly in framework of QI
- A more fundamental restructuring of D 1 will not be able to be submitted to the CIML before 2020 at the earliest.

# Proposal on revision on D 14 and D 19

- OIML Basic Publication B 19:2017 states that one of the activities the Advisory Group may wish to undertake is “**organizing the development of guidance and procedures that are based on OIML Recommendations and Documents, with the aim to assist with the implementation by CEEMS of OIML Recommendations and Procedures**”.
- New projects to revise D 14 and D 19 under AG supervision have been submitted for CIML for approval.
- Convenership for D 14 with Germany, D 19 with the AG Vice-Chair.

# AG work plan 2018-2019

- **Develop web pages** focused on CEEMS issues on the OIML website which promote communication and information exchange
- **Further surveys** of the needs from CEEMS
- **Database of experts** available for consulting work
- Consider possible **logo/branding** for OIML's CEEMS work
- Project to **revise D1**
- **Strategy for “OIML Training Centers”** and similar training initiatives, **to be developed by an *ad hoc* group**

# AG work plan 2018-2019

- Organize further OTCs: R 49, R 117, D 31, OIML-CS
- Prepare annual reports to CIML on the AG's activities
- Develop guidance and procedures based on the OIML Recommendations and Documents : D 14, D 19
- Seek opportunities to collaborate with the RLMOs and RMOs on projects of common interest: E-learning, **QI Toolkit**
- Proposal to carry out a study on Conformity to Type practices in a number of countries

# Update of Resolution 2015/10

- The resolution on CEEMS matters adopted by the CIML at its meeting in Arcachon has been the basis of OIML activities which include, but go beyond, the matters in which the AG is involved.
- In previous years it has been the practice to provide the CIML with an analysis of the progress made on the various elements identified in that Resolution. The analysis for 2018 is attached in Annex C.

# Implementation of Resolution 2015/10

- [Annex C](#)

# Update of Resolution 2015/10

- It is clear that a number of the items in Resolution 2015/10 have now been actioned
- Following suggestion from the Presidential Council, the Advisory Group would like to propose that the CIML adopts a new Resolution which takes account of the progress made and highlights the areas in which the OIML should be focusing its attention in the future.
- A draft Resolution has been prepared for discussion by the CIML at its 53rd meeting, and is included in Annex D.

# Update of Resolution 2015/10

## Resolution no. 2018/...

The Committee,

- Recalling its resolution 2015/10 detailing the OIML's commitment to activities directed at countries and economies with emerging metrology systems (CEEMS),
- Recognizing the significant progress which has been made in efforts to assist in building the capacity of legal metrology institutions and their staff in the CEEMS community.
- Noting the reports and advice from the Advisory Group on matters concerning Countries and Economies with Emerging Metrology Systems,

# Update of Resolution 2015/10 cont'

- Instructs the Bureau to continue its efforts to promote and participate in capacity building activities, both through the program of OIML Training Centers, and through training courses and regional activities organized by other organizations,
- Instructs the Bureau to continue to work with the constituent bodies of the International Network on Quality Infrastructure (INetQI – previously DCMAS Network), in particular the BIPM, to identify new initiatives where the OIML can make a direct contribution,

# Update of Resolution 2015/10 cont'

- Instructs the Bureau to continue developing the OIML website so that it provides up-to-date information on capacity-building initiatives, including training materials, and to maintain the database of experts available to contribute to such work,
- Instructs the Bureau to ensure that the further development of its systems supporting OIML technical work takes account of the need to involve CEEMS in such work,
- Instructs the Bureau to continue using the OIML Bulletin and the OIML website to facilitate the exchange of new ideas, and in particular new approaches to legal metrology,

# Update of Resolution 2015/10 cont'

- Noting the particular contribution that research can play in promoting and evaluating new approaches to legal metrology,
- Instructs the Director to take this into account when considering projects which can be supported by the special fund created by the 14th Conference,
- Requests its President, Vice Presidents, the Chair and Vice-Chair of the CEEMS Advisory Group, the Chair of the OIML-CS Management Committee, and the Bureau to take particular account of the needs of CEEMS during involvement in activities related to Objective 5 in the OIML Strategy (OIML B 15:2011),

# Update of Resolution 2015/10 cont'

- Requests relevant Technical Committees, Subcommittees and Project Groups to take note of the demand from CEEMS to ensure Recommendations take more account of the needs of CEEMS,
- Requests the OIML-CS Management Committee to ensure that the needs of CEEMS continue to be addressed in the further development of the OIML Certification System,
- Urges Member States to consider what support they can give to future OIML Training Centers or other initiatives aimed at assisting CEEMS,

# Update of Resolution 2015/10 cont'

- Urges Member States to be ready to propose conveners for projects to produce other documents of interest to CEEMS (such as those proposed during the two seminars organized in 2015),
- Urges both Member States and Corresponding Members to consider opportunities to second staff to the Bureau in order to develop the skills and experience of appropriate individuals.
